

Donna Moss

Queen of Bling

Top Ten Things a Texas Designer does after Design Star:

1. Buy a big black pick-up truck & really, really high heels.
2. Keep the Design Star sleep schedule of 2 hours a night (maybe 3 if you're WINNING).
3. Always offer your clients good advice: everyone should have an animal in their life, a jag in the driveway, a mink in the closet or a chinchilla on their pillow, faux of course. Accessorize, accessorize, accessorize; it is like jewelry for the home....bling baby bling.
4. Never let them see you sweat unless you sweat crystals and it sparkles!
5. Do something you've never done before, I entered the Mrs. Texas Pageant.
6. Become the queen of something, I've taken reign as the Queen of Bling.
7. Live your personal design motto! For me: if it ain't got that bling it ain't worth a thang!
8. Find the cutest TV show host in Texas & convince him to hire you to redecorate a room in his house.
9. Open a boutique so you can spend \$ at your own place!
10. Get your own TV show!
